

# Summer Tasks

## Class KG-1

Dear Parents & Students,

As you all must know by now, due to the spread of the Coronavirus (2019-nCoV) Pandemic, early summer vacations have been announced in all schools throughout the country. The Government has advised the public to stay at home, practice social distancing and take all necessary safety precautions to overcome this outbreak.

Not to worry! The school bells might have stopped ringing, but the learning will continue!

We have designed Summer Tasks for our students that can be done remotely from home with the help of our e-Learning methodologies. The parents are advised to assist and motivate their children to complete the given tasks, also facilitating students' online coordination with the teachers for guidance.

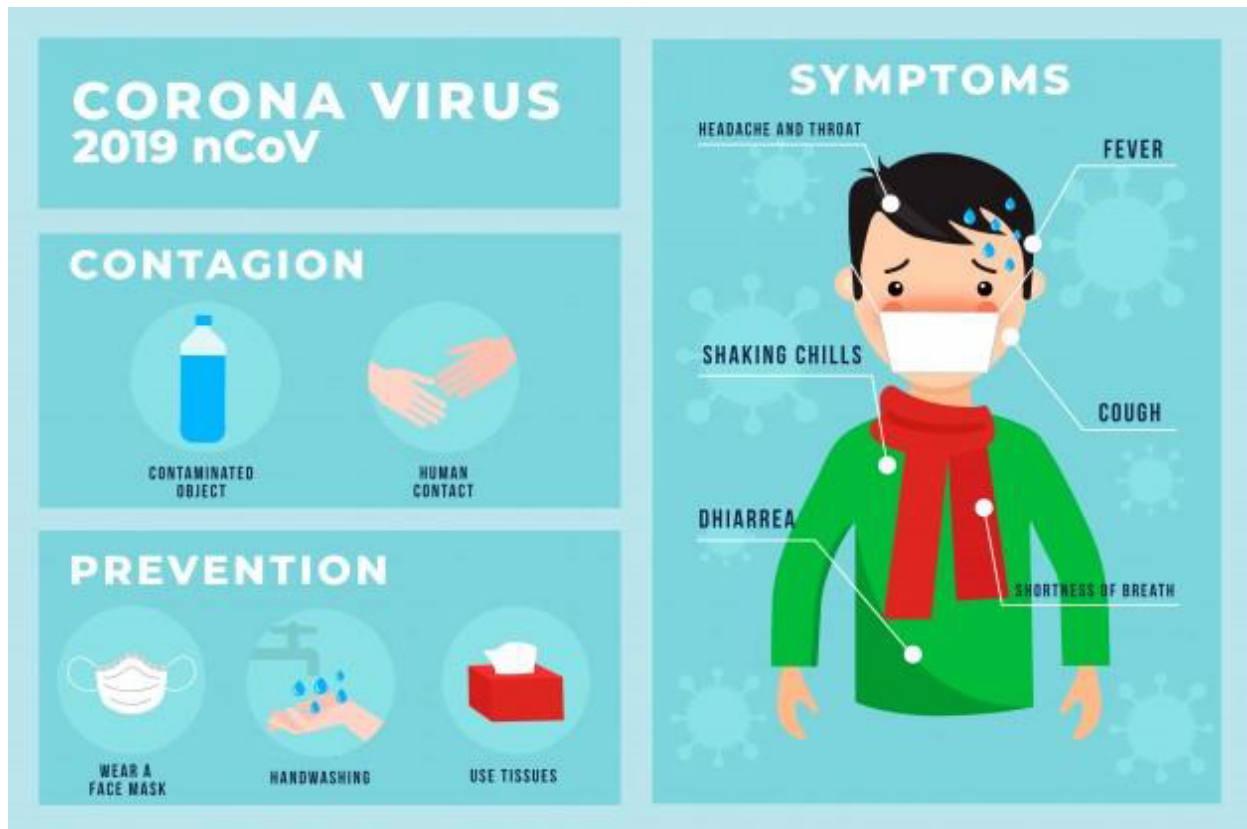

These tasks have been given in relativity to students' books and level of academic understanding, making sure all content is easily practicable. **Students can utilize school registers, notebooks, loose sheets or whatever is easily available to complete the work. With parental supervision, students are also encouraged to use online research where and when needed.**

Parents can use online resources to get some further help in instructing their children, if needed. Here are some useful links that can be looked at:

Be home, be safe!

Take Care & Regards,

PIPS School System Management
